

**Call for Nominations
for APA and Divisional
Boards, Committees, and Task Forces**

The Executive Committee (EC) of Division 53 is seeking interested and qualified individuals in our membership for service to the profession. Our Division is regularly asked to nominate individuals for a variety of boards, task forces, and committees. As an example, last year we were asked for input on the nominees for 16 APA committees, boards, and commissions. The areas for service ranged from APA Finance Committee and APA Ethics Committee to the Committee on International Relations in Psychology and the Committee for the Advancement of Professional Practice. Within the Division, we also are regularly filling positions on committees and task forces. For example, there are more than a dozen Division 53 committees and task forces including the Task Force for Ethnic Minority Representation in Child and Adolescent Psychology and the Coalition for Psychology in Schools and Education. A full list is available upon request (email: Karen Roberts APAdiv53@gmail.com).

To best represent the interests and goals of Division 53, we need committed members to step forward and serve. To accomplish this, the EC would appreciate any and all individuals interested in such service to send an email to Division 53 with your name and your areas of interest. Self-nominations are welcome. Send all nominations to Karen Roberts, Executive Secretary of Division 53 (APAdiv53@gmail.com).
